## **Consulthink in Indonesia rebrands as WTS Indonesia**

WTS Global member firm Consulthink in Indonesia rebrands as **WTS Indonesia**, thus underlining its international positioning as a full-service tax firm with strong local expertise to its multinational clients, both inbound and outbound.

The rebranding underscores WTS Indonesia's strong commitment to WTS Global as the world's largest non-audit tax practice, combining tax advisory, tax compliance and tax digital services with seamless cross-border coordination and the highest criteria of service excellence and client centricity.

All WTS Global member firms share the ambition to act as long-term trusted advisors and deliberately refrain from conducting statutory audits to avoid conflicts of interest – a key differentiator when advising international businesses.

*"The rebranding is a logical step in line with our approach of being locally rooted and globally connected. As WTS Indonesia, we intend to further benefit from WTS Global's shared intellectual capital, global connectivity, and consistent quality criteria across jurisdictions,"* said Tomy Harsono, Founding Partner, WTS Indonesia.

*"More than 50% of our global member firms are now branded under the WTS name, with this trend continuing to increase. Together with our member firms, we are taking important steps towards a truly WTS-branded powerhouse, with the ambition to foster growth and ignite new business opportunities worldwide,"* Jürgen Scholz, Chairman, WTS Global
